The Eversheds Sutherland Difference

Eversheds Sutherland’s dedication to diversity is more than just words and numbers. It is an initiative that drives change and innovation within our firm. We understand the significant role a diverse community plays in our growth, development and service to clients. Our emphasis on diversity is reflected in numerous ways throughout the firm, such as the manner in which we recruit lawyers and other employees, our work-life policies and our professional service efforts.

Our Commitment

Eversheds Sutherland is committed to promoting diversity within the firm and in the legal profession. We believe that diverse skills, knowledge and viewpoints make us a stronger, more productive law firm. We hire and promote qualified lawyers and other professionals regardless of age, race, color, religion, gender, marital status, pregnancy, sexual orientation, gender expression or identity, domestic violence victim status, national origin, ancestry, disability, genetic information, military or veteran status, or any other protected factor.

Eversheds Sutherland’s diversity efforts are led by a cross-office Diversity and Inclusion Committee. Our committee has helped coordinate and lead a number of efforts to advance diversity within our firm and the community. Affinity groups at Eversheds Sutherland serve as support networks for attorneys of color; women lawyers; and lesbian, gay, bisexual and transgender attorneys.

We recruit diverse attorneys by participating in on-campus interviews at schools with significant numbers of students from underrepresented backgrounds and at various job fairs including the Southeastern Minority Job Fair and the Vault MCCA Legal Diversity Career Fair. We also recruit at the National LGBT Bar Association’s Lavender Law Conference. We participate in the Leadership Council on Legal Diversity 1L Program and various 1L programs sponsored by clients where we take on first-year law students of color as a regular participant in our summer associate program. In addition, our Eversheds Sutherland Scholars program has afforded us an opportunity to meet students of color heading to law school and to remain in contact with them during their law school careers.
Awards and Recognition

We are proud of our record on diversity and inclusion. Eversheds Sutherland (US) is pleased to announce that it has been ranked among the top 25 “Best Law Firms to Work For” and “Best Law Firms for Diversity” by Vault, coming in at No. 12 and No. 21, respectively. Additionally, Eversheds Sutherland was ranked No. 2 in the country for the “Best Summer Associate Program.”

In 2017, Eversheds Sutherland (US) was awarded the Minority Corporate Counsel Association (MCCA) 2017 George B. Vashon Innovator Award for its commitment and excellence in leading the way with innovative best practices to assist diverse attorneys.

For the ninth consecutive year, Eversheds Sutherland (US) was named a “Best Place to Work for LGBT Equality,” by the Human Rights Campaign, America’s largest civil rights organization working to achieve lesbian, gay, bisexual and transgender (LGBT) equality. Eversheds Sutherland once again earned a perfect 100% score on the Human Rights Campaign Foundation’s Corporate Equality Index. The survey rates businesses on a scale from zero to 100% on their treatment of LGBT employees, consumers and investors.

Additionally, Eversheds Sutherland (US) was again given the “Gold Standard” recognition by the Women in Law Empowerment Forum (WILEF). WILEF is the premier forum for women in law firms with more than 300 lawyers practicing in the United States.

Eversheds Sutherland (US) was also named one of the “Top 100 Firms for Minority Attorneys” by Law360. According to the publication, nearly all of the law firms listed exceeded the overall average of minority partners.

Eversheds Sutherland recognizes the importance of diversity efforts along the pipeline.

Established in 2005, Eversheds Sutherland Scholars is an intensive three-week summer program for recent college graduates headed to law school or rising college seniors from a variety of personal and cultural backgrounds. Affinity Groups
Eversheds Sutherland supports its diverse attorneys with active affinity groups for African-Americans, Asians, Hispanics, LGBT and Middle Eastern/North Africans. These groups serve as a platform to create an inclusive environment and bring together opportunities for mutual support, networking, philanthropy and professional growth.

ES Women
For more than 50 years, Eversheds Sutherland has been at the forefront of American law firms in developing the careers of women and promoting them to the firm’s leadership. As a result, the empowerment of women and gender equality is ingrained in our firm’s culture. Our focus on gender advancement is an essential element of our future success. In 2017, the partnership elected Cynthia M. Krus to serve as the Executive Partner of Eversheds Sutherland, the first woman to hold that position in the firm’s history. Our commitment to gender inclusion is communicated and reinforced through a variety of programs and activities for our women attorneys.

Women’s Leadership Initiative

In 2018, Eversheds Sutherland launched its Women’s Leadership Initiative. The Initiative will organize activities associated with the promotion, retention, and development of our women attorneys. Committing and organizing around common goals will allow us to propel our law firm and legal community toward greater gender diversity.

ESWAG

The Eversheds Sutherland Women Attorneys Group (ESWAG) provides support to the firm’s women attorneys through office-specific programs and events.
