Please join Sutherland attorneys Bob Owen, Mark Thibodeaux and Tracey Ledbetter for a webcast as they provide an overview of the recent history of cyber breach litigation outcomes, including settlement trends. They will also discuss the steps that are necessary to take in the immediate aftermath of the discovery of a breach, including managing evidence preservation and e-Discovery, navigating insurance issues and preserving the privilege. Finally, Bob, Mark and Tracey will review the various statutes, regulations and theories under which plaintiffs have, to date, sought to bring claims.
